

Student quick guide

Enter with the room key, confirm your school details, and acknowledge one short warning.

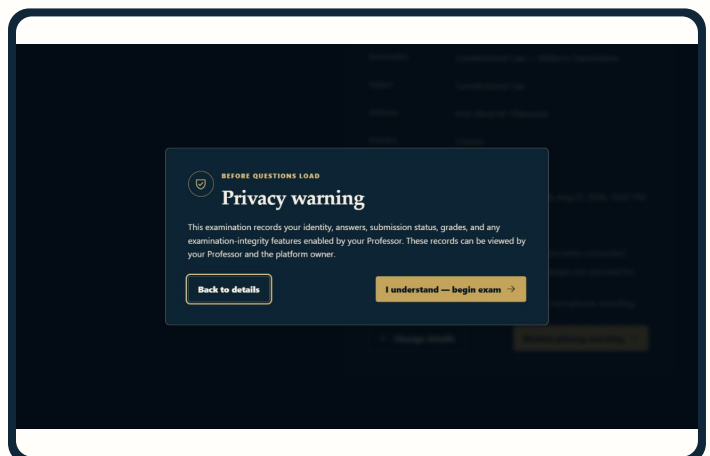

BEFORE YOU BEGIN

Have your room key, real full name, student number, subject, and year level ready.

THE FLOW

1. Enter the exact key and real school identity.

2. Read the short warning, then begin.

Enter accurately

- Use the key exactly as your Professor sent it.
- Use your real name and official student number.
- Match the subject and year level shown by your school.

One acknowledgment

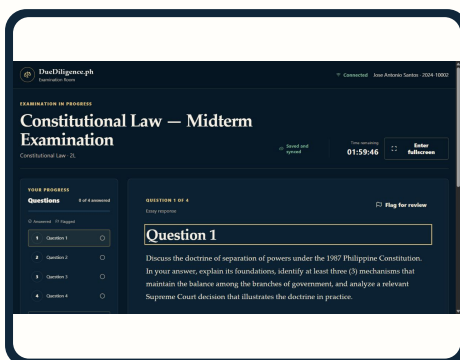

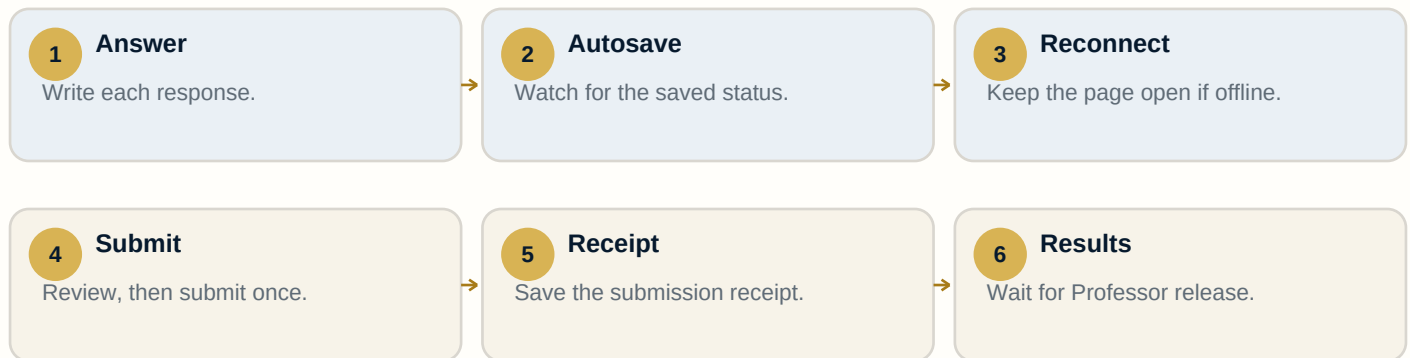

- Review the short privacy and monitoring warning.
- Click I understand - begin exam.
- If refreshed or disconnected before starting, acknowledge again.

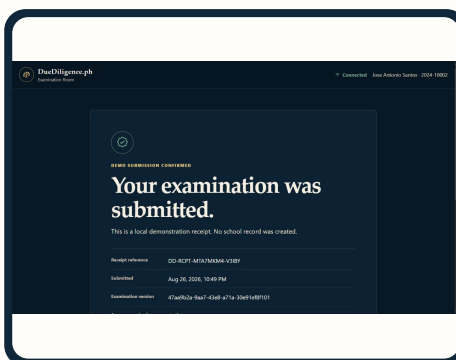

Answer and submit safely

Your work saves as you write. A temporary disconnection should not erase your latest local answer.

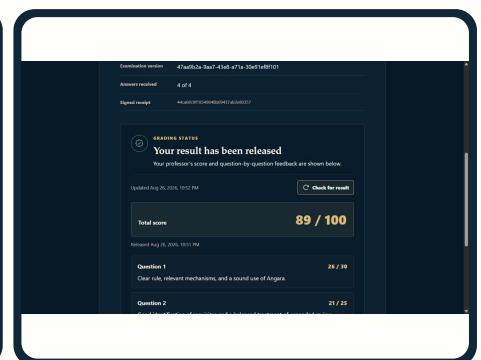

THE FLOW

Answer and watch Saved and synced.

Keep the server receipt reference.

View results after Professor release.

Save and reconnect

- Use the navigator, answer required items, and check the saved indicator.
- Flag any question you want to revisit before submission.
- If offline, keep the tab open and continue; local recovery preserves recent work.
- When service returns, wait for synchronization confirmation.

Submit and receive

- Use Review and resolve every required unanswered question.
- Submit once, then wait for the confirmation page.
- Save or photograph the receipt number before closing.
- Return with the same key and identity after grades are released.
